§ 13.109 Determination of value of estate; 38 U.S.C. 5503(b)(1)(A) and 38 U.S.C. 5505.

Except as stated in paragraph (d) of this section, all funds, including accumulated social security and amounts on deposit in Funds Due Incompetent Beneficiaries and to the veteran's credit in Personal Funds of Patients at Department of Veterans Affairs regional offices, hospitals, State institutions, hospitals or institutions of any nature whatsoever, as well as other property, both personal and real (which is capable of being liquidated), and interest therein owned by the veteran, will be included in arriving at the value of the veteran's estate.

(a) The value of such property, including any interest therein, will be established at the estimated net price the veteran's equity in the property will bring at a forced sale after payment of all costs incident to liquidation.

(b) U.S. savings bonds, war bonds, adjusted service bonds, and other appreciation bonds, the current value, including accrued interest, will be used.

(c) Bonds and stocks, the current price listed on recognized stock exchange or by over-the-counter dealers will be the value to be used. In the absence of either, other reliable evidence of value may be used.

It may be presumed that there is no likelihood for return when the veteran is absent from the home for a continuous period of 12 months because of the need for care, and the prognosis is void of any expectation for a return to the home.

(ii) *For purposes of determinations under 38 U.S.C. 5505.* The value of the veteran's home.

(6) Funds deposited into a pre-need burial arrangement such as a burial trust, prepaid burial agreement, burial insurance, etc. The value of the veteran's burial plot will be likewise excluded.

NOTE: Cash in the estate will be considered, notwithstanding it was derived from any of the above excluded items.
